

Edel Hockey Elite LSR® MF

The Edel Hockey Elite LSR® MF is the leading sand-dressed hockey system featuring the TenCate monofilament LSR® fibre. The polyethylene fibre is soft to the touch, has a natural appearance and can be played on under all conditions. Over the years, the system has proved itself as a durable hockey pitch that is suitable for all-round use.

The best alternative to nature

Product characteristics of EDEL HOCKEY ELITE LSR® MF

Edel Hockey Elite LSR® MF stands for:

- The traditional hockey pitch
- A natural appearance due to the TenCate monofilament LSR® fibre
- LSR® (Low Slide Resistance) for controlled manoeuvring and slide-stopping
- UV stable
- Suitable for all-round use
- A system with proven quality down the years.

Construction

The Edel Hockey Elite LSR® MF synthetic turf system is available with various substrates: the traditional substrate and a substrate based on the Edel Grass Sports Layer for durability and extra comfortable playing properties. A customised system can therefore be provided for any location.

Base material	: Polyethylene
Type of yarn	: Monofilament
Colour	: Field green
